

Omran Ahmadzai

Full-Stack Software Engineer

+93 766 773 758 | ahmadzai.omran12@gmail.com | omranahmadzai.com | <https://github.com/OmranInTech> | [LinkedIn](#) | Kabul, Afghanistan

Education

Bachelor of Computer Science - Kardan University (2023 - 2026)
GPA: 3.9/4.0

Technical Skills

Languages	TypeScript, JavaScript, Python
Frontend	React.js, Tailwind CSS, Bootstrap, CSS, HTML, Vite
Backend	Django, DRF, REST API Development, Node.js, Express.js
Databases	SQL, MySQL, MongoDB, PostgreSQL, Database Design & Normalization
Testing	Jest, PyTest, React Testing Library
DevOps	Docker, CI/CD, Git/GitHub, Linux
Methodologies	SDLC, Agile, Scrum

Experience

Founder & Developer - Mymirath (Mar 2025 - Present)

- Designed and developed Islamic inheritance calculator (beta version) currently live with active users.
- Achieved 90% faster and highly accurate calculations, solving complex problems that normally take days.
- Developed a user-friendly interface for handling intricate inheritance rules, Implemented using React, Tailwind CSS and Vite, ensuring responsive web design and optimized SEO.
- Managed full project lifecycle, from design to deployment, ensuring high performance and reliability.
- live demo : [Mymirath](#)

Projects

Safehood - Security System for Kabul City (Dec 2025 - Present)

- Developing a full-stack, AI-powered security platform capable of handling millions of users simultaneously.
- Uses real-time data processing and AI algorithms for threat detection and automated alerts.
- Responsible for end-to-end system design, backend & frontend development, and database architecture.
- Technologies: React, Tailwind CSS, Vite, Django, Django REST Framework, PostgreSQL, Docker, CI/CD, AI/ML tools.
- Designed for scalability, high performance, and responsive web experience across multiple devices.

MIS - Student Database Management System - Nov 2025

- Developed a full-stack student database management system using Django to manage, track, and maintain student information efficiently.
- Features: student registration, profile management, search management.
- Technologies: Django, Django REST Framework, SQL, HTML, CSS.
- Built a scalable and reliable system capable of handling large volumes of student data.

Certifications

- Meta Frontend Developer Professional Certificate | 9 Courses | [Coursera](#) | Jan 2026
- Meta Backend Developer Professional Certificate | 8 Courses | [Coursera](#) | Feb 2026
- IBM DevOps & Software Engineering Professional Certificate | 15 Courses | [Coursera](#) | Mar 2026

Achievements

- Presented MyMirath – Annual University Exhibition | Kardan University | 2025
- ICPC Participation Certificate – Kateb University | 2025
